## Sumner Regional Medical Center Endowment Foundation

Sumner Regional Medical Center Endowment Fund was created in 1985. The purpose was to secure gifts of money and other property for the advancement of healthcare, medical and health education, research and welfare services. These gifts are intended to benefit the patients in the area served by Sumner Regional Medical Center.

Given the value of building an endowment, Memorials, Bequests, Capital Gifts and Deferred Gifts are just a few of the ways your generous support can help fulfill the purpose of the Sumner Regional Medical Center Endowment Foundation. These gifts for example, can help bring new doctors to the area, purchase new and updated equipment and provide scholarships. You may designate where you want your gift to go.

A Donor Recognition Board is located in the main hallway of the hospital to appropriately recognize donors to the Foundation. Donor's gifts of \$500 or more qualify for recognition on our donor board.

Depending on your unique financial planning and gift objectives, you may use one or even several of these ideas in combination to achieve your goals.

### 16 Ways To Give:
